

## **IQAC'S POLICY DOCUMENT ON CURRICULUM ENRICHMENT**

The college is situated in a rural area. The major drawback, therefore, is the lack of exposure to opportunities in the outside world. Our policy is to provide the students with cultural and academic experiences that spark their curiosity, the ability to think and the love of learning. As the student graduates from college, she/he should become a valuable addition to the community. Curriculum enrichment is the key in this regard and IQAC emphasize on the following areas in the coming years to achieve this goal.

### **Workshops on Entrepreneurship**

The students should be aware of the various possibilities that open up to her/him, when she/he completes a particular study programme of his choice. Apart from scoring high in the examinations, the students should develop the ability to integrate well and contribute to the community outside. She/he should be able to deliver the skills that were gathered during the course of the study confidently and successfully. We plan to organize workshops on entrepreneurships, to make interested students aware of the various possibilities of starting up a new firm. Experts from industries will be invited to the campus to interact with the students to discuss the various possibilities, and to guide students who are ready to take up the challenge.

### **Workshops on Career Prospects**

Every student should clearly be aware of what he is capable of after completing the study programme of her/his choice; which job to look for; which job to apply for; what are the chances etc. Seminars and workshops will be organized for the students on career opportunities. Specific coaching programmes will be conducted for UGC-CSIR NET, UPSC, SSC, PSC examinations. These will be conducted department wise, as well as interdepartmental programmes.

### **Gender Awareness Programmes**

Gender should not be a hurdle for a student in achieving her/his goals. We plan to conduct awareness programmes with the help of NCC units, NSS unit and the Women's cell in the college.

**Self Defense Classes for Girls.** Self defense classes will be organized for girl students to improve their level of coincidence, and to strengthen them physically.

### **Subject Related Seminars**

We plan to conduct several seminars and invited talks, department-wise on various topics related to the syllabus, and extending from the syllabus. This will help to enrich the knowledge of the students. The students as well as the teachers will be able to refresh and update their knowledge from these programmes.

### **Conferences**

The college will promote organization and hosting of regional, national and international seminars. This will provide the students with wider exposure to the current state of affair in their subjects of study.

### **Field Visit by the Students**

We plan to conduct field visits for the students to promote experiential learning. Students will be able to see and experience real life examples. Visits will be conducted to nearby industries, museums, historically significant sites etc.

### **Add on Courses, Certificate Courses**

Add-on courses and certificate courses will be offered department wise, and as inter-departmental programmes. This will help students to get extra exposure and training in various topics of her/his choice.

### **Life Skill Related Workshops**

When a student completes the study programme, she/he must be able to face the outside society with confidence. She/he should be able to lead a sound and secured life. For this, we plan to conduct workshops related to problems in individual and social life. The aim is to produce better humans with successful lives.

### **Workshops and Seminars on Renewable and Sustainable Energy**

Awareness programmes and workshops on renewable and sustainable energy will be conducted. As the students represent the future generation, an understanding of the necessity of renewable energy sources will be of great value.

### **Workshops on Leadership Quality**

With the help of NCC and NSS units, we plan to conduct workshops on leadership quality.

### **Exhibitions**

Exhibitions based on different topics will be conducted with the help of associations in different departments. These exhibitions will help the students to explain their ideas to the outside community, to the pupils from nearby schools etc.

### **Intercollegiate Competitions**

We plan to conduct intercollegiate competitions on different topics. This will provide our students an exposure to the talents outside.

### **Student Debates and Discussions**

The students' union, associations and various clubs will be conducted on contemporary topics. This will help students to gain confidence in addressing a gathering, taking leads in discussions, advocate their arguments etc.
